CARECROW OF THE NATIONAL DEST. Poor Richard's Reasons for buying United Schuyler Colfax, in his speech at Peru, Indi-States Securities. The other day we heard a rich neighbor say b on, the other day, gave the following statement had rather have railroad stocks than the U.S. stocks, for they paid higher interest. Just then "Opposition to the war is also based on the co poor Richard came up, and said that he just bought some of Uncle Sam's three year notes, paying seven and three-tenths per cent. interest. My rich friend exclaimed, "You! I-thought you ere the champions of the increased pay of the had no money to buy with." "Yes," said Richard, "I had a little laid up, for you know it is well to have something laid up against a wet gold. One would have supposed them the

country round to be a very prudent industrious, and withal, wise man; for Richard never learned anything he didn't know how to make use of, and his wisdom and prodence had become a pondence with Mr. Greeley approached its proverb. So, when he took out his savings and climax, and that the proposition was that bought the notes, more than one was surprised, of the three thieves, Sar and it was no wonder rich Mr. Smith asked why to accompany Clay and Holcombe to Wash-So poor Richard, in a very quite humble way ington. But this does not after the matter. endeavored to make it appear that the bonds of the same extent that they could establish such a state of things, would they prove that the property and everything clse you have is worthless, for the credit of the Government is based on these. To get at the truth of this matter let us in
"To get at the truth of this matter let us ingood deal upon my neighbors, and seen what they did with their money and I will tell you some things I saw and what I thought of. One very rich man was always dealing in money; and he made a great deal, but was never sausdebt is increasing. They say your expendi-tures are three or four millions a day. They seek every opportunity to exaggerate your debt tied without high interests. So he lept most of his money to some people who he thought were very rich, at a very high rate; and he often told and your reverses, and to belittle your victories. how much he got, till one day the people he lent We have been in war three and a hall years, to went to smash. He got back about ten cents n a dollar of his money. I know another old cy say, and the entire debt is \$1,800,000,000, cutlenum, who had some bank stock and he ent to the bank and got ten per cent, dividend The President and everybody said it was the Your debt has increased less than \$500,000,000 a year, one and a half millionan day. Mr. Fesbest stock in the country—paid ten per cent.— But what did the old man do but self his steel

the next day! Why? why? said everybody .come into operation, the receipts have been carly a million a day, and your tariffgives Because, it pays too much dividend. And in six months the bank went to smash. Now, that know to be a fact. Well Mr. Smith, you say ailroad stocks are best, because they pay high would amount to \$2,500,000,000, at the present lividends? Can you tell how long they will take of increase. \$500,000,000 of it would be in pay them? I like railroads: I helped to boild force to establish their independence, and 000,000,000 would draw an average interest of you what I know about them. One-third of the the main question now before the people of x per cent or less. I want to show you that failroads don't pay a dividend, and two thirds ar financial credit is based upon a rock, which (and some of them cracked up, too,) do not pay ven the rebellion may cast its storms against us much as Government stocks. Now that brings me to the Government securities, and I will tel "Your interest would be \$120,000,000, if the you why I prefer them. I take it you will admit, war should continue lifteen months longer, Mr. Smith, that in the long run the investment which it cannot, and your annual civil expenses which is best should have these qualities: First would be \$130,000,000, making a total of \$250, it should be perfectly secure: secondly, that the 000,000 a year. The internal tax bill raises income should be uniform and permutated—not

on whisky, and when it comes under the pro-risions of the bill, the amount will be increased day comes, and you want your money, you can enormously, unless you stop drinking whisky, get it back. And I think these notes or bonds which few will do especially since so much of have got these qualities more than any other what will be paid for it will go to the Govern- kind of personal property you can name. Try the United States evidently require that ment. Potting the receipts from the internal itax bill at \$300,000,000 and from the taxiff at tax \$300,000,000 and from the tariff at \$100,000,000, you will have \$400,000,000 a year, with an expenditure of only \$250,000,000, which think it wasn't worth much; but since I began can produce, they should at least obtain in with an expenditure of only \$250,000,000, which think it wasn't worth much; but since I began will give a surplus for the reduction of taxes or the sinking of the debt, of \$150,000,000 a year.

"At the end of your last war, the national debt was just 7 per cent on the wealth of the nation, just what it is now; and in twenty years, states) are making an thousand millions of dolors. States are making an thousand millions of dolors. without any internal tax, that debt was paid off, lars a year more than we spend. So you see greatest evil that was ever perpetrated by and Jackson left the Presidential Chair with the that (since the increase of deths isn't half that) country free from debt. You are not in half as bad condition as our fathers were in the Revolution. With a population of less than 3,000- Then the debt will be paid, anyhow, no matter how long the war is. Besides, did you ever hear as well as himself. The attainment of this

France. Her debt was 41 per cent. of all her property; and with 29,000,000 of a population you would have supposed they would have been crushed out. Yet they went on increasing banks, railroa permanent, Well, I want you to take a list of banks, railroads, mines, insurance companies. banks, railroads, mines, insurance companies anything you choose—and tell me (honor bright in wealth, till their debt is now diminished by the increase of their wealth to 12 or 15 per cent. nowl) how many have paid a majorm inco And during that long time, though they had an for ten or twenty years. y right to coerce a State.

We subscribe to and endorse the Edo ing from the New York Times:

Any dealings with such vagabonds as these self-constituted appression of Jeff. Davis at Niagana, was peculiarily unfortu-nate. No private man, of any self-respect would recognize them, even if they were not traitors. The leading spirits were a trio of thieves, more despicable than any in Sing Sing. Sanders stole thirty thousand lollars in his naval agency of this port; Fucker stole eighty thousand dollars in the LiverpoolConsulate; Thompson, eight hun-pred thousand dollars in the Department of the Interior These facts belong to the historical record of James Buchman's Adninistration, and are officially attested. voice directly or indirectly in settling the sol-emn issues of this struggle, was repugnant to all decency. It was natural enough,

perhaps, to take them at first sight to be veritable representatives of Jeff. Davis, for repudiation fluds its fit counterpart to robbery; but whether his representatives or not such men as they; ought not to have been day, and I have kept a little of my carnings by noticed, or any project which they had to me." Now poor Richard is known to all the noticed, or any project which they had to has defied let him observe diplomatic decencies sufficiently to entrust the entire business to men of fair personal character, however much they may have participated in his rebellion. There is a scamp and gentle-

inen, even though both rebels. Emancipation as a Condition of Peace. The New York Commercial Advertiser, which under its present management, has not been Republican, but has opposed a majority of the Administration measures, in an elaborate discussion of the conditions peace, says:

"But the Southern States, refusing to ook to the legal remedy provided in the Constitution for the correction of any wrong that might be attempted against them, dethe loval States is whether, after having experienced all the possible evils which the abolition of slavery by violence can entail, peace shall be made with the Southern States on conditions that shall leave slavery in full vitality, and entitled to claim the masi protection accorded to it under the

We can imagine but one common sens inswer to this important question. The present and future interests of the people of having experinced the full bitterness of all man-the holding in bondage of fellow-be-335,000 soldiers in the field. If you were to put the same proportion into the field now, you would have 4,000,000 men in your army.

"Look at Great Britain in her war with Government. Well, then I call that stock percompensation is due to the people of the

on natural laws, and on the inherent rights Ir BRIGHTENS .- Politically speaking the Union cause brightens. Why! because Lee has been again out-generaled. Beauregard did not find that "weak place" in our lines quite as weak as it appeared. It looks as if that 100,000 the Indiana and Illinois rebels promised the south when they should become indispensable, would soon be called for. If they go before the election, the Copperheads would be reduced by that number unless they insist on the right of rebel soldiers to vote! "A free election or a fight" of course means that all the Southern rebels who have come to the North, and all the Northern rebels who may go to the South as rebel soldiers shall be allowed to vote! But the combination of all the Copperheads with the traitors can not prevent the capture of Mobile, Atlanta and Richmond. When those strongholds shall be

erates? Our country triumphant will of course be the ruin of the party. - Cin. THE KEY NOTE. At a recent meeting of the Democratic asso nation in Washington, Dr. Allen declared that he would make every proposition to the South to come back again, but if they failed he would not prosecute a war against a people who had a right to declare what form of government they would live under. Amos Kendall, who was present, said "that was just what our opponents would have us say-that we were willing had. Let us first elect our men, unite to put down this iniquitous administration, and then

taken, where will be the Northern Confed-

we can do this or any other thing that may be The Boston Courier, in remarking upon the proceedings, says Mr. Kendall "gives the true key-note to the democratic music." Undoubt-edly he does. Not a word against the proposition to divide the Union. We must put down this inistration, says Mr. Kendall, and then we can "do this or any other thing that may be prac-floable." Let us choose good and true men, says the Courier, that is, let us choose our men, "and all the rest may be safely left to the future." -- Bos ton Daily Advertiser, Aug. 22.

THE INCOME TAX IN ENGLAND. A parliamentary paper shows that the num-ber of persons assessed under schedule D (trades and professions) in Great Britain increased in the year ending April 5, 1863, from 285,459 to 493,468; the amount paid from £3,252,033 to £3,376,405; the incomes on which the tax was charged from £89,613,493 to £93,322,864. The number of persons with less than £100 a year had increased from 18,761 to 18,790; between £100 and £150, from 125,262 to 130,207; and so on till the highest class, those with incomes of £50,000 a year and upwards, who were 67 in 1862 and 80 in 1863. In Ireland the number of
